Double toilet paper holder with lid

GUIDE SPECIFICATION

Recessed double toilet paper holder with cover, 320 mm in length. Manufactured in AISI 304 stainless steel with a polished or satin finish. The holder features two wall-mounted support spindles and four wall anchors connected to the supports by screws.

ASSEMBLY / RECOMMENDED INSTALLATION HEIGHTS

Make a hole in the wall to recess the toilet paper holder. Secure the holder inside the opening using the supplied screws through the four holes on the rear side, marked with an "S" in the following figure:

Install at approximately 600 mm from the floor to the bottom of the toilet paper dispenser.
